## EXPERIENCE THE GOLD EXPERT ADVANTAGE

### TOP GOLD CHOICES

Our customers typically get first choice from hand-selected, quality coins available on the market because of The Mike Fuljenz Gold Expert Advantage. With over 40 years of experience in the marketplace and an outstanding personal reputation, Mike and his team get first or early pick of the best of new coin deals in select recommended areas for their customers, which means many other dealers later get the leftovers for their customers.

### INDUSTRY-LEADING QUALITY ASSURANCE AND EXCHANGE POLICY

Universal Coin & Bullion® offers the advantage of an industry-leading exchange policy after the end of the company's 30-day return privilege, so customers are better assured of owning a coin they like long-term.

### PRICING EXPERT FOR GUIDE BOOKS

As a true Market Expert, Mike is a contributor to leading guide books so you can be assured you are getting competitive value for genuine hand-selected quality coins and service in the select areas that he specializes in. Dr. Mike Fuljenz helps author the guides most other dealers read.

### GREAT PRICES WHEN YOU SELL

Compared to other dealers, Universal Coin & Bullion® typically pays very high buy prices to their customers for coins they routinely sell and need. Because he has so many customers nationwide for select gold coins and his inventory moves quickly, the prices Dr. Mike Fuljenz offers to buy coins often substantially exceed offers from other dealers nationwide. As America's Gold Expert,® Mike also typically pays much higher prices for gold coins in select areas he specializes in compared to what customers often net from auctions, which typically include substantial buyer and seller fees.

### QUALITY AND AUTHENTICITY ASSURANCE

Quality & authenticity is assured because coins are selected by a true gold and rare coin expert who has taught grading and authentication seminars for a national grading service. The coins we recommend are NGC or PCGS graded. This means every coin you buy is the quality and grade promised.

### PROVEN STRATEGY FOR OUR PORTFOLIOS

America's Gold Expert,® Dr. Mike Fuljenz, continually creates demand, popularity and support for coins in select areas of his expertise by authoring award-winning books, articles and gold resources that draw new collectors, investors and dealers to these areas.

### TRUSTED EXPERT. INDUSTRY LEADER. YOUR GUIDE.

Dr. Mike Fuljenz is recognized by his peers for his expertise and leadership regionally and nationally. He has won numerous awards from organizations like the Numismatic Literary Guild and Press Club of Southeast Texas. Mike's passion is to make sure that customers are getting the very best information available, to make the best gold decisions possible. He has led organizations regionally and nationally by serving as a chairman, board member and officer. When he speaks or makes predictions, other market leaders listen!

### VAULT INVENTORY HAS VALUE

Universal Coin® carries extensive inventory in their recommended areas so they can consistently deliver some of the best coin quality and value for their customers. Many other dealers don't or can't afford to carry hand-selected inventory, and have to hurriedly order other dealers' leftover inventory when customer orders and payments are received.

**"We believe a company doesn't deserve your business, they should earn it. Maybe that's why more and more customers nationwide are turning to us for answers."**
